

## Gift Card Form

How do the gift cards work?

The PTO purchases gift cards at a discount and resells the certificates to you for full face value. The discount is retained by St. Ambrose as revenue. **The gift cards that we provide are the same gift cards that you would buy if you went to the participating retailer and purchased them yourself. They are a dollar for dollar match.** Since so many people are already buying gift cards, why not support St. Ambrose School in the process by purchasing the gift cards through us for the same cost?! **These gift cards are a fabulous way to give back to the school without much work on your part. Every card you purchase gives a percentage back to St. Ambrose School. Please consider buying your groceries through this program. You aren't spending any more than you would and your child's school benefits!**
