

This summer you are required to read the following 2 books:

- *The Cricket in Times Square* by George Selden (worth 4.0 AR points)
- *The Mouse and the Motorcycle* by Beverly Cleary (worth 3 AR points)

After you finish reading the books, use the attached worksheets to make notes on each book. Your notes will help you with projects and tests that go along with these books. There is a different requirement for each book. Please follow the directions on each worksheet. You are required to have these done by time school starts. They will be collected and graded.

If you would like to earn a dress down day in the fall, you will need to read a total of 5 or more books this summer. The total would include the 2 required books from above. Use the home reading log to record all books read.

Below is a list of other books that may be read in addition to the 2 required selections for a total of 5 books. You do not have to read from the list below, but you can use it for ideas.

Have a wonderful summer and remember to read,
