STEM Club at St. Ambrose School Dedicated to cultivating young minds in the fields of STEM

Dear Parents,

Welcome to another year of STEM Club at St. Ambrose School! Please allow me to introduce myself, I am Michael Thieman, the St. Ambrose Science Teacher for grades 7 and 8, and I am the PTO STEM Chair for this year. I am passionate about STEM education and helping students discover through the adventure of learning. This year, we will continue the theme of bringing the engineering design process to all STEM Club activities, and allowing the students varying opportunities to play, explore, build communication and teamwork skills as well as have a lot of fun as we get creative with STEM. We hope to see your child at STEM Club!

A big "Thank You!" to all those who make this club happen.

The details of the after school club are as follows:

- **COSTS**:
  - $45 for the 1st Semester for Grades 4-8;
  - $30 for 1st Semester for Grades K-3
- **Grade 4-8** STEM Club meets every Wednesday, from 3:15-4:30
- **Grade K – 3** STEM Club meets on the 1st and 3rd Monday of each month, from 3:15-4:30

Please feel free to contact me with any questions. You can also find out more information on our website, http://stambroseschool.org/students/stem/. Looking forward to a great STEM year.

Best regards,

Michael Thieman
