

Fueling Bright Minds and Active Bodies

Schoolhouse Grill helps thousands of families in Northern Virginia feed their kids, healthy nutritious lunches for K-12, Charter Schools and Pre-Schools. Prepared by hand, our meals are delivered fresh daily.

Brian Busick, Owner and Founder

Having children of my own, I've learned the importance of nutritious, well-balanced meals. that are healthy and taste great. In 2001, I started Schoolhouse Grill with one sole purpose: to provide exceptional quality food and service to our day cares, schools and your kids. This is why we have quickly become Northern Virginia's most highly regarded and experienced provider of school meal services that keep kids healthy and parents happy.

Fresh Food Daily.

Our healthy and affordable breakfasts, lunches, and snacks are prepared in our specialized kitchen. We focus on fresh ingredients with an emphasis on fruits and vegetables. No artificial colors, flavors, or sweeteners. All our meals are CACFP compliant and exceed USDA nutrition guidelines. We know that young children are picky about the type of foods they eat, but your children will love our healthy food options. We test our menu with children, who love everything we offer.

Happy Kids

"My kids are completely enjoying the food you are bringing for hot lunches and my husband and I are appreciative of the fact that they are healthy. THANK YOU!"

Marlyn B., New Friends School parent
